On 26.07.2018 the Ministry of Science and Culture of Lower Saxony (MWK) approved by decree (ref.: 27.5-74503-108, 109) the following eligibility and admission regulations for the consecutive master's degree programme Landscape Architecture in accordance with section 18 paragraphs 8 and 14 of the Lower Saxony Higher Education Act (NHG) and section 7 paragraph 2 of the Lower Saxony University Admissions Act (NHZG) in conjunction with section 51 paragraph 3 of the NHG. These regulations shall take effect on the day following publication in the official bulletin of Gottfried Wilhelm Leibniz Universität Hannover.

Eligibility and Admission Regulations for the Consecutive Master's Degree Programme Landscape Architecture

The Faculty of Architecture and Landscape Sciences resolved on 02.05.2018 the following regulations in accordance with Section 18 paragraph 8 Lower Saxony Higher Education Act (NHG) and Section 7 Lower Saxony University Admissions Act (NHZG):

Section 1 Scope

- (1) These regulations specify eligibility to apply for and admission to the master's degree programme Landscape Architecture.
- (2) The requirements for eligibility to apply are specified in Section 2.
- (3) In the event that more applicants fulfil the requirements for eligibility to apply than there are places available, places shall be allocated according to a selection procedure determined by the university (section 5). If fewer applicants fulfil the requirements for eligibility to apply than there are places available, no selection process shall be conducted.

Section 2 Requirements for eligibility to apply

- (1) In order to be eligible to apply to the consecutive master's degree programme Landscape Architecture, the applicant must have obtained
 - a bachelor's degree or an equivalent degree in a suitable previous degree programme at a German university or at a university in a Bologna signatory country or
 - an equivalent degree in a suitable previous degree programme at a different university abroad; equivalence shall be determined in accordance with the suggested evaluations issued by the Central Office for Foreign Education (ZAB) at the secretariat of the Standing Conference of the Ministers of Education and Cultural Affairs of the Länder in the Federal Republic of Germany (KMK) (<http://anabin.kmk.org>).

The decision whether the previous degree programme is suitable is made by the selection committee for the master's degree programme (Section 6); the decision may include an ancillary provision requiring completion of missing modules within two semesters of beginning the master's degree programme.

(2) In deviation to paragraph 1, applicants who have not yet completed their bachelor's or an equivalent degree at the time of application are provisionally eligible to apply if they have obtained at least 150 credit points and it is to be expected that they will complete the bachelor's or equivalent degree by the end of the first semester of the master's degree programme at the latest. The average mark of the assessments completed so far shall be determined; it shall be taken into account in the selection process as per section 5, irrespective of the final bachelor's degree mark.

(3) Applicants who cannot present evidence of either a German university entrance qualification or a bachelor's degree completed at a German university must additionally provide evidence of sufficient German language proficiency for the degree programme (level C1 CEFR). For details on the evidence to be presented, see: <https://www.llc.uni-hannover.de/en/language-examinations/accepted-language-certificates-at-the-luh>.

Section 3

Requirements for eligibility to apply for the international track European Master in Landscape Architecture (EMiLA)

(1) One prerequisite for eligibility to apply to the international track EMiLA is that the applicant can provide evidence of English proficiency at the B2 level according to the Common European Framework of Reference for Languages (CEFR).

(2) Applicants who would like to study in Versailles and/or Barcelona must provide evidence of at least level A2 in French or Spanish at the time of their application. They must provide evidence of level B1 in the required languages before beginning to study abroad. The same applies for the languages at the locations of study mentioned as alternatives.

Section 4

Beginning of the Degree Programme and Application Deadline

(1) Students may begin the master's degree programme Landscape Architecture in the winter or summer semester. Applications, including the required documents specified in paragraph 2, must be received by Leibniz University Hannover by 31 May (deadline for applications from non-EU countries) or by 15 July (deadline for applications from Germany and EU countries); applications for the summer semester must be received by Leibniz University Hannover by 30 November (deadline for applications from non-EU countries) or by 15 January (deadline for applications from Germany and EU countries). Applicants must submit both a written application and an online application (via the university's online portal). Applications for admission outside of the process for allocating university places and outside of the determined number of candidates to be admitted must be received by the university by 1 April for the summer semester and by 1 October for the winter semester. Applications, including those as per sentence 3, shall be effective only for the allocation of places corresponding to the respective application deadline. The university is not required ex officio to verify the information provided by the applicant.

(2) Applications, including those as per paragraph 1 sentence 3, must be accompanied by the documents listed below. Certified copies are required for certificates and official confirmations; if these documents were not issued in German or English, certified German or English translations must be provided.

- a) the certificate of results (Zeugnis) for the bachelor's degree programme or – if this is not yet available – confirmation of completed coursework and assessments, credit points, as well as the average mark,
- b) curriculum vitae,
- c) evidence as per section 2 paragraph 3

d) portfolio as per section 5 paragraph 2.

(3) Applications that are incomplete or do not meet the requirements regarding form or deadline will be excluded from the admissions procedure. The university will retain the submitted documents.

Section 5 Admissions procedure

(1) Selection shall occur according to a ranking list which shall be established based on the final or average mark and the selection procedure as per paragraph 2. In the event that multiple applicants hold an equal rank, their ranking shall be determined by drawing lots.

(2) The portfolio is comprised of a letter of motivation (max. 5 A4 pages) and work samples (up to max. 10 A4 pages).

The letter of motivation and the work samples are to demonstrate the following:

1. the specific talents and interests because of which the applicant considers they have particular aptitude for this degree programme,
2. the extent to which this degree programme qualifies the applicant for their professional goals,
3. the extent to which the applicant is capable of working in an academic and method-oriented way,
4. the extent to which the applicant is capable of working in design and planning.

The portfolios shall be reviewed by the selection committee (Section 6). Either 0 points or 1 point shall be awarded for the parameters as per numbers 1 through 4. These points correspond to the following evaluation:

0 points = not fulfilled or not described convincingly,

1 point = fulfilled or described convincingly

(3) Applicants for the European Master in Landscape Architecture must observe the following for their portfolios:

1. The entire letter of motivation is to be written in English.
2. In part 1 of the letter of motivation, the applicant is to describe the specific talents and interests because of which they consider they have particular aptitude for this international track. In addition, in part 2 of the letter of motivation, they are to indicate at which of the two universities of the EMiLA networks they would like to study (first and second choice).
3. To enable the selection committee to recognise whether they applicant is applying only for EMiLA or, if they are not accepted to EMiLA, are also applying for the master's degree programme in Landscape Architecture, the applicant must explicitly state in part 2 of the letter of motivation whether only EMiLA would qualify them for their professional goals or whether the master's degree programme Landscape Architecture would also be suitable for them to reach their professional goals.

(4) The selection committee (section 6) shall decide upon admissions as follows: A ranking list shall be established based on the final or average mark as per section 2 paragraph 2 and, as appropriate, the evaluation of the portfolio as per paragraph 2. The final or average mark shall be improved by 0.2 for each point awarded as per paragraph 2.

(5) In all other respects, the provisions of the university's enrolment regulations that generally apply shall remain unaffected. The enrolment of those applicants who must complete missing modules as specified in section 2 paragraph 1 shall expire if the evidence required for this is not provided within one year and the applicant is responsible for such neglect. The same shall apply if, as specified in section 2 paragraph 2, evidence of successful completion of the bachelor's degree or equivalent qualification is not provided by 15 April (for enrolment in the winter semester) or 15 October (for enrolment in the summer semester) and the applicant is responsible for such neglect.

Section 6

Selection committee for the master's degree programme Landscape Architecture

(1) The Faculty of Architecture and Landscape Sciences shall establish a selection committee comprising members of the Landscape teaching unit to prepare decisions regarding selection.

(2) The selection committee shall comprise at least three members entitled to vote, who must be a professor or junior professor or another member of academic staff, in addition to a student member acting in an advisory role. At least one member must belong to the group of professors and junior professors. Members are appointed by the Faculty Council of the Faculty of Architecture and Landscape Sciences. The members are appointed for a term of two years, the student member is appointed for one year; reappointment is possible. The selection committee has a quorum provided that at least two members entitled to vote are present.

(3) The duties of the selection committee include:

- a) reviewing whether applications have been submitted in the correct form,
- b) reviewing whether the requirements for eligibility to apply have been met,
- c) evaluating the portfolios as per section 5 paragraph 2
- d) deciding whether to admit or reject applicants.

Section 7

Notification, Allocation of Remaining Places ("Nachrückverfahren"), Completion of the Procedure

(1) Successful candidates will receive written notification of admission from the university. A deadline will be specified in the notification within which the applicant must declare in writing or electronically whether they wish to accept the place or not. If this declaration is not received in correct form by the deadline, the notification of admission becomes invalid. This legal consequence must be indicated in the notification of admission.

(2) Unsuccessful candidates shall receive a notification of rejection stating their rank and the rank of the last admitted applicant. The notification of rejection must include information on legal remedies.

Remaining places shall be allocated ("Nachrückverfahren") in the order of the ranking as per section 4 paragraph 1.

(4) Admissions procedures shall be concluded at the latest two weeks after commencement of the lecture period.

Section 8 Admission to Advanced Semesters

(1) Available places in an advanced semester of a degree programme with restricted admission shall be allocated to applicants according to the order below:

- a) applicants for whom, due to personal reasons, rejection of admission would mean undue hardship,
- b) applicants who are or were enrolled in the same or a comparable degree programme
 - ba) at another German university or a university in another EU member state or another signatory state to the EEA Agreement, or
 - bb) at a foreign university and have German citizenship or are of equal legal status to German citizens with respect to admission regulations, or
- c) who claim any other grounds.

(2) Within each of the three groups in paragraph 1, admission shall be decided depending on the mark attained for the bachelor's degree or equivalent qualification; in the case of identical results, admission shall be allocated according to social aspects that were decisive in the choice of location, especially familial or financial aspects; thereafter, places shall be allocated by drawing lots.

Section 9 Entry into Force

These regulations shall enter into force the day after publication in the university's official bulletin.
