## SYSTEM FOR INTERNATIONAL ACTIVITY REPORTS

Chernihiv Polytechnic National University is a state comprehensive higher educational establishment in the north of Ukraine.

### Our Structure

7 educational-scientific institutes:

- Electronic and Information Technologies
- Economics
- Law and Social Technologies
- Mechanic Engineering, Technology and Transport
- Business, Environmental Management and Tourism
- Management, Food Technologies and Trade
- Architecture, Design and Geodesy

### Our students

around 7 000 students  
(Bachelor, Master, Phd)  
0,2% of foreign students

### International Relations Office

✉ international@stu.cn.ua

f www.facebook.com/CPNU.International

### Internationalization strategy 2021-2027

- implementation of the European Higher Education Area tools in the University's educational process;
- growth in the university's scientific potential at the international level;
- increasing the competitiveness of graduates in the international labor market;
- increasing the international competitive status of the university;
- increase in export of educational services and scientific products;
- **improvement of the management system of the university's international activity**

### Long-term EU partners

- Hochschule Bonn-Rhein-Sieg (Germany)
- KTH Royal Institute of Technology (Sweden)
- Riga Technical University (Latvia)
- Vidzeme University of Applied Sciences (Latvia)
- University of Maribor (Slovenia)

### Project idea

An online system has to be created to collect and regularly update information on international projects, academic mobility and other aspects of university's international activity in an online mode.

#### Implementation team:

Hanna Dyvnych, head of IRO  
 • a.dyvnych@stu.cn.ua  
 Kateryna Sai, specialist of the IRO  
 • sai@stu.cn.ua  
 Technical Support Service

create the online system, convenient for data collection

reduce the number of reports on international activity

increase the quality of international activity management
