

## TOOLBOX EU – Horizon in a Nutshell Online Webinar - Invitation

Horizon Europe is the largest funding programme for research and innovation in the EU. It offers a variety of funding opportunities, ranging from fellowships for individual researchers and doctoral networks to a vast array of topics and themes for collaborative projects.

In the information session “**Horizon in a Nutshell**”, we will take a walk through the main objectives and structure of the Horizon Europe programme. In particular, we will focus on funding opportunities for individual researchers and project consortia, and provide insight into the funding rules, identifying suitable topics, and the application process, together with some practical tips for proposal writing. The event is geared primarily to potential applicants who are new to the field of EU funding, but is open to all those interested in gaining an overview of the opportunities Horizon Europe has to offer.

**The webinar will be held in English and will not be recorded.**

**Target audience:** researchers from universities, higher education institutions, research institutes, as well as R&D personnel from small and medium sized companies. The event is also open to other staff involved in the field of R&D funding, including funding advisors, support staff and disseminators.

**Date:** 28.02.2022, 13:00 – ca. 14:30

**Location:** online via Webex, details on how to access the webinar will be sent a few days before the event.

Please register for the event by **24 February 2023**: [Registration](#)

**Individual consultation in German:** The online event will be held in English. If you are interested in further information on Horizon Europe funding in German, please get in touch with the EU Liaison Office Team (contact details below) and we will be happy to arrange an individual consultation.

If you have any questions, please don't hesitate to contact us. We look forward to seeing you at the event!

Best regards  
Nina McGuinness
