

Digital vaccination certificate / recovery certificate

Digital vaccination certificate

- **for vaccinations administered within the EU:**

Many pharmacies issue coronavirus vaccination certificates for vaccinations administered within the EU with vaccines approved in Germany. Please use the following website to search for local pharmacies issuing such documents: <https://www.mein-apotheekenmanager.de/>

- **for vaccinations administered outside of the EU:**

Not all pharmacies issuing vaccination certificates issue such documents for vaccinations administered outside of the EU. Please enquire at the relevant pharmacy if this is the case.

Please bring the following documents:

- Proof of full vaccination with a vaccine approved in Germany (including the name, batch and manufacturer of the vaccine)
- Identity card or passport
- Proof of an extended stay in Germany (e.g. acceptance letter, enrolment confirmation, student ID etc.)

Digital recovery certificate

- **for recovered EU citizens:**

Most pharmacies issue digital recovery certificates for EU citizens.

- **for recovered non-EU citizens:**

Not all pharmacies issuing recovery certificates issue such documents if proof of recovery has been obtained outside of the EU. Please enquire at the relevant pharmacy if this is the case.

Please bring the following documents:

- Complete proof of recovery (positive PCR test result obtained at least 28 days ago but no later than 6 months ago)
- Identity card or passport
- Proof of an extended stay in Germany (e.g. acceptance letter, enrolment confirmation, student ID etc.)
