

## Faculty of Civil Engineering and Geodetic Science

## Application to a Module Examination as Part of the General Studies

Examination outside of range of courses as per § 9 Sec. 1 of the Examination Regulations for Computational Methods in Engineering

This application form has to be filled in if you wish to take a module outside of the regular course offers in your degree programme. For modules from the field of civil engineering of the Faculty of Civil Engineering and Geodetic Science, examiner signature and stamp are not required. For courses of the ZQS/Schlüsselkompetenzen (ZfSK) add a description of the course to this form. Signatures and stamps of the ZQS/Key Competences (ZfSK) are then not required. In case of courses spreading over several semesters, application must be made in the semester in which the examination takes place.
