

Course Cycle B.Sc. Architecture (Examination regulations 2022)

Semester	1	2	3	4	5	6
Compulsory Modules	Interdependencies (5 CP) Building Design 1 (3 CP) History of Architecture (3 CP) History of Garden Culture (3 CP) Art and Design 1 (3 CP) Media in Architectural Design (3 CP) Digital Methods (3 CP) Building Materials (2 CP) Structural Systems (4 CP)	Building Design 2 (6 CP) History of Urban Design (3 CP) Art and Design 2 (6 CP) Load-Bearing Structures (6 CP) Brickwork Structures (6 CP) Building Physics 1 (2 CP)	Architectural Design 1 (6 CP) Architectural Theory (6 CP) Wood Construction (6 CP) Building Physics 2 (3 CP) Proof of energy-saving thermal insulation (1 CP) Urban Design Principles 1 (3 CP) Fundamentals of Building Services Engineering A (3 CP)	Architectural Design 2 (9 CP) Design Methodology (6 CP) Basics of Building and Architectural Law (2 CP) Urban Design Principles 2 (6 CP) Fundamentals of Building Services Engineering B (3 CP) Reuse-Redevelop-Rebuild 1 (6 CP)	Urban Design Project (9 CP) Architecture, City and Society (3 CP) Reuse-Redevelop-Rebuild 2 (3 CP) Architecture and Technology (6 LP)	Bachelor Thesis (15 CP)
	Compulsory Field Trip (min. 3 days) – optional term					
Compulsory Elective Modules	---	---	---	---	Modules extending to 23 CP from the range of offered Compulsory Elective Modules	
Studium Generale	---	---	---	---	External Elective Modules (can replace max. 10 CP of the Compulsory Elective Modules)
